4. If the stud dog should die or become otherwise incapacitated for breeding purposes before the return service is given, the owner of the stud dog retains the right to offer the services of another stud dog in his possession at that time.
5. If the bitch changes ownership, any return service will be at the option of the stud dog owner. In certain cases, a substitute bitch may be accepted for the return service, but this will also be at the option of the stud dog owner.
